PROFESSIONS IN MISSIONS

20 JULY 2021, TUESDAY
10.00 AM - 12.00 PM
(VIA ZOOM)

Synopsis:

We spend over 2,000 hours at work a year. It is no wonder that our profession forms a huge part of our identity! Yet, many of us struggle to see how we can serve the purposes of God's kingdom through our work.

Come and be challenged as we listen to the stories of how God used different individuals to participate in His mission through their professions whether locally or overseas.

Retirement or reassignment? If you are planning for or are in that season of life, come and hear our speakers (who are in their silver years themselves) share about their participation in God's mission in a neighbouring country and Japan.

Grasp this opportunity to re-engage and be challenged to finish well, aligning yourself with God's purposes.
